New in This Release

New Features

Key	Summary	Release Notes
EMC-8316	Enhancement - 'Restocked at Receiving'	Removed the automatic checking of the "Restocked at Receiving" checkbox when clicking on a supply name to increment the quantity used.
EMC-8503	Gold - P8 - Vascular Access - Change Gauge to Size	On page 8, in the Vascular Access Procedure, the Gauge Label was changed to Size and French Catheters were added as selection options. Also, Depth was added as a field.

Improved in This Release

The following issues have been addressed and resolved in this release:

Page 1

Key	Summary	Release Notes
-----	---------	---------------

EMC-8869	Gold - Allow Proper GPS Selection	Added new prompt on page 1 that triggers when the GPS coordinates for Referring or Receiving are manually changed following a CAD import.
EMC-8938	Gold - Verify Crew shifts are set on page 1	Fixed an issue on Page 1 where the crew that was set on the Home Page was not properly transferring to Page 1.

Patient Page

Key	Summary	Release Notes
EMC-8866	Gold - Extended Medications Should Save First Medication	Updated the patient Page extended layout to save a medication without having to hit the "add" button.
EMC-8883	Gold - Patient - Relationships Defaults to None	Fixed a pair of issues with Patient Relationships and an issue with Next of Kin where the save operation was not behaving consistently.
EMC-8863	Gold - Pt Phone	Fixed an issue with Patient Phone Number where the user was unable to delete the phone number entered.

No changes.

Other

Key	Summary	Release Notes
EMC-8892	Gold - CAD Import - Items not importing in Gold - they do import in Legacy	Fixed a bug that prevented the crew from being imported via CAD.
EMC-8637	Gold - Switching between Legacy and Gold does not save the current page	The "Switch to Legacy" Link from gold will now save the current page before you're redirected.
EMC-9114	Gold - Cad Import: No base in import	Fixed a CAD import bug where there was no Base Identified in CAD Import.
EMC-8721	Gold - Sanitas Exports: Honor Emergent/Non Emergent	Added the codes for Emergent/Non Emergent to Sanitas billing for Emergency trips.
EMC-8946	Gold - Standard Reports Error	Fixed an issue with the "All by Crew" standard report where an error was displayed when trying to run the report.
EMC-7992	Fire Export Config Will Not Save	Fixed an issue in the Fire Export Configuration table where the user would be required to enter an email address in order to save the "Export Separate Files" setting.
EMC-9156	Gold - Hotfix - Exposure Print Page Label Update to Fluid Contact	Updated the Exposure Label to show the appropriate NEMSIS label for Suspected Exposure instead of Contact with Fluids.

Known Issues

The following issues have already been identified and will be addressed in a future release:
