New in This Release

Key	Release Notes
EMC-6249	Added ability to run a User Security audit across entire roster instead of only by user. Limited to your service only. Configuration >> Service >> User Roster >> Report: User Security Audit
EMC-6158	When selecting a response mode, the receiving is no longer affected by the selection.
EMC-6057	Standard Signatures allows up to 4000 characters
EMC-6043	If coordinates have changed from previous save, a pop modal will show up prompting the user of the change.
EMC-6004	Added the 40 Georgia custom NEMSIS elements
EMC-5837	Files changed: nhtsa_demo_export.cfm File added: demo_messages.cfm
EMC-5647	Added ability to create a custom grouping statement (similar to custom reports) for QA Auto Advance Filters. Reference QA Levels: Grouping Statement for more details.
EMC-5025	Updated PDF rendering method on page 9 for chart printing.

Improved in This Release

The following issues have been addressed and resolved in this release:

Key	Release Notes
EMC-6321	If command facilities hide a certification it will no longer show up as an option on certifications under the human resources section when assigning to a user. Command Facilities default certifications only.
EMC-6302	Bug fix updating service logo network upgrade
EMC-6246	Fixed issue in editing incomplete Yearly Vehicle Stats for NEMSIS Demographics

EMC-6212	Fixed geocoding bug for Cross Street geocoding
EMC-6177	Corrected Mobile Remote Admin to fix bug with Tablet users
EMC-6156	Fix bug that caused infinite loop when trying to fax a chart from the chart toolbox with non-digit characters for the phone number (e.g.: Dashes in the number)
EMC-6099	Updated EMSTARS v2 export to include xml version tag as now required.
EMC-6085	Corrected column sorting with Mobile Admin application. This is used on both the tablet and mobile side.
EMC-6083	Mobile/Tablet data will be auto-geocoded
EMC-5986	Fixed issue when entering half addresses on ether referring or receiving.
EMC-4273	Fixed bug that allowed users to access partial tablet charts if they uploaded partial charts from tablet without the security privileged to do so.
EMC-87	Added additional lab results to the "Other" section
